LANGUAGES

French - Elementary

English - Professional Working

Spanish - Native or Bilingual

Catalan - Native or Bilingual

SKILLS

Design & UX: Figma, UI/UX, Design Systems, User Research, Usability Testing

Development: Python, C++, C#, HTML, CSS, JavaScript, Web development

Engineering & Hardware: Electronics, Circuit Theory, Prototyping, Human-Robot Interaction

Methods & Soft Skills: Design Thinking, Teamwork, Problem solving, Creativity

HONORS-AWARDS

Tic Bages Award, Associació d'empreses TIC del Bages (November 2022)

Lacetània Awards for Research Project, INS Lacetània (March 2019)

Denso Award for best academic record, Denso (November 2018)

Baccalaureate with honors, INS Castellet (June 2018)

Students Awards 2017, MSchools - Mobile World Capital (January 2017)

VOLUNTEER WORK

Volunteer at Dos Rius Project, AMPANS (2015-2017)

Volunteer at 48h Open House Barcelona (2015)

Volunteer at Platea Jove, Kursaal Manresa Theater (2012-2019)

PROFILE

ICT engineer and MSc graduate in Interaction, Graphics & Design. Interested in UX/UI design, user research, social robots and illustration.

WORK EXPERIENCE

Project Support
UVE Solutions | June 2026 - August 2026
- Supported live client projects over the summer.

Research Intern
SSR-UPC research centre, EPSEM | May 2026 - September 2026
- Master's thesis internship in human-robot interaction.

Teacher in a Middle-Level and High-Level Training Program
Institut Castellet (Secondary School) | September 2023 - August 2024
- Teach a variety of subjects in a Middle-Level and High-Level computer education program.

Associate Professor
UPC Manresa - EPSEM | February 2023 - June 2024
- Teach and support students in circuit theory and concurrent and real-time programming practice classes.

Teacher in a Middle-Level Training Program
Lacetània (Secondary School) | April 2023 - June 2023
- Teach a variety of subjects in a Middle-Level computer education program.

Full-stack Developer
Codelearn | June 2021 - April 2023
- Develop assets for the platform used in the Codelearn academies.

Computer Programming Instructor
Codelearn | September 2019 - July 2024
- Teach children between the ages of 6 and 18 various programming languages and other knowledge involving technology.

Private Maths Tutor
CAE | November 2019 - March 2020
- Teach students who need help with mathematics.

EDUCATION

Master in Interaction, Graphics & Design
Institut Polytechnique de Paris | 2024 - 2026
- Thesis: Social Robot versus Computer Interface for Stress Regulation, a pilot study of guided breathing with physiological biofeedback

Bachelor's degree in ICT Systems Engineering
UPC Manresa - EPSEM | 2018 - 2022
- Average mark: 8,73
- My thesis involved the study of the use of social robots in children with an autism spectrum disorder (ASD), plus the design and creation of a social robot prototype for children with a grade 2 of ASD.

ACADEMIC COURSES AND SCHOLARSHIPS

Workshop Design Methodology for Social Robots to Support Student Mental Health
UNITE! | 2025

Applied Social Robotics Course
Utrecht Summer School | 2022

Bojos per les TIC Scholarship
Fundació Catalunya - La Pedrera | 2017-2018

English Immersion Course Scholarship
UIMP | 2019
